IRTS CELEBRATING FROM SWAZILAND

(February 5, 2007 - js) As part of the celebrations to mark the 75th anniversary of the founding of the Irish Radio Transmitters Society, a number of members of the Society will activate Swaziland, 3DA0, from 16th to 25th March 2007. The group will also take part in the CQ WPX SSB contest on 24th and 25th March.

Given that 3DA0 is still much sought after on the WARC bands, on digital modes and on the LF bands, the expedition will concentrate on these areas of operation. QSL via the bureau. For more info, click [here](#).

TWO WWYC HB0 TEAMS

(February 5, 2007 - js) From March 15 to March 19, 2007 two WWYC teams will activate Liechtenstein and participate in the Russian DX Contest from there. The HBØ/9A8MM will enter the contest in the M/S category while HBØ/DK4YJ will participate as M/2.

Independently from each other, both groups of young hams had the same idea and the same travel destination. The laughter was loud when they found out about the other activity weeks later. Unfortunately there is no M/M category in the Russian DX Contest, therefore both teams are sticking to their original plans. HB0 should be an easy mult this year!

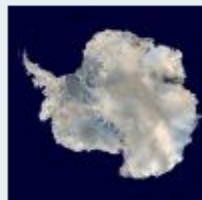

C56 GAMBIA

BELGIAN CASTLES AWARD 2006

(4 janvier 2007 - js)

L'année 2006 a été l'année qui aura connu le plus grand nombre d'activations de châteaux et de châteaux forts belges depuis la création du [diplôme BCA](#). En effet, on a compté une moyenne d'une activation par semaine, soit exactement 54 activations sur l'année, principalement en phonie 7 MHz, soit 6445 contacts, et l'attribution de 231 certificats. Et ce malgré une propagation particulièrement désastreuse !

Félicitations à tous les participants ! Que 2007 soit plus riche encore ! Et n'oubliez pas le 14 MHz, pour les stations plus lointaines !

Guy d'ON5UD

J20SA DJIBOUTI

(March 21, 2007 - js) Saad N5FF will once again be active as YK1BA. He is expected to arrive in Damascus during the evening of April 9th and should be active between April 10-27th, Saad informs : "As usual, the purpose of the trip is not a DXpedition, so my operating will be spotty. However, I hope to be able to operate at least 3-4 hours a day. With the current band conditions and my typical operating times, I suspect that I will spend most of my radio time on 30, 40, and 80 metres. However, I will operate on whatever band (80-10m) and mode that have the best propagation at the time. Most probable operating times are between 2000-2300z or between 0200-0500 UTC, and possibly some occasional activities between 1200-1400z. I will be active on SSB, CW, and RTTY."

UBA SSB FIELDDAY: IN GOOD SHAPE

(August 27, 2007 - js) HF fieldday manager Francis ON6LY reports **44** fieldday stations and **36** UBA sections will participate in the SSB fieldday this weekend (September 1-2, 1300-1259 UTC). This must be a historical record!

Weather forecast (KMI/IRM):

Vrijdag en zaterdag is het af en toe zwaarbewolkt en kan er een buitje vallen. Ook zondag zorgt de doortocht van een storing voor wat neerslag. Het blijft de hele periode vrij fris voor de tijd van het jaar met middagtemperaturen van 18 tot 22 graden.

Vendredi et samedi, il fera par moments très nuageux avec un risque de faibles ondées. Dimanche, le passage d'une perturbation pourra encore être à l'origine de quelques précipitations. Pendant toute la période, les températures seront assez fraîches pour la saison avec des maxima oscillant entre 18 et 22 degrés.
