DK0MM	DJ7IK	
DK4WF		I HAVE TAKE PART IN THE UBA-CW-CONTEST ONLY FOR 7 HOURS. THERE WERE ALSO SOME OTHER CONTESTS AT THE SAME TIME. I WAS ALSO ACTIVE IN THE CQ-WWDX-160M SSB AND IN THE REF-SSB CONTEST 2012. A BIG PILE UP FROM THE 3C6A EXPEDITION. I HAD A BIG FUN..VY 73 DE BEN DK4WF
DK8NT		MY 1ST UBA DX - AND WORKING QRP, THE FIRST TIME IN A (SEMI-)INTERNATIONAL CONTEST. THIS WENT MUCH BETTER THAN EXPECTED, AND I SURPASSED MY PESSIMISTIC QSO TARGET BY 150%! (IT CERTAINLY HELPED THAT ALL BEAMS WERE LOOKING TOWARDS EUROPE.) LITTLE PARTICIPATION FROM NORTH AMERICA, AND ALMOST NONE FROM CENTRAL AND SOUTH. SOME OVERSEAS EU CALLS (FG, FM, FY) WOULD HAVE BEEN A NICE "SALT IN THE SOUP", BUT EVEN WITHOUT THEM IT WASN'T BORING TILL THE END. THE 18 HRS QRP LIMIT IS A NICE QRP STRESS RELIEVER! THANKS FOR THE GOOD CONTEST, CU AGN MAYBE NEXT YEAR!
DL1ARJ		ELECRAFT K3 - 100 WATTS. ANT: KT34A, DIPOLE

PA0FAW		NICE CONTEST, GOOD ACTIVITY, REASONABLE CONDX. LIKE THIS CONTEST, IS GROWING AND GROWING.
PA0MIR	PA0MIR	WELL, ADDING MY COMMENT AND REPAIRING A SLIP. LIKE EVERY YEAR NICE TO PARTICIPATE AND GOOD AMOUNT OF TRAFFIC ON THE BANDS. SUNDAY MORNING WORKED IN THE HSC CONTEST AND I KNOW SOME OM DID NOT SEE THAT AND GOT MY NM EXCHANGE BUT HOPE IN THE END THIS WILL NOT BE A PROBLEM ON THE 40 M. HOPED FOR MORE ON STATIONS ON 21 MHZ BUT ALAS THE GOOD CONDITIONS THIS YEAR DID NOT PERMIT ME TO CONTACT MORE PROVINCES SO LOG IS LACKING IN MULTIPLIERS AS ALSO THE UK STATIONS DID NOT MAKE IT IN MY LOG VERY OFTEN.
PA0RBO		RIG: ELECRAFT K3/10, OUTPUT POWER: 5 WTTTS FOR ALL QSO'S. ANTENNA: 20/15/10M: 2-EL.CUB.QUAD, 80/40M: DIPOLE/HOR.SQ.LOOP. I DECLARE THAT ALL CONTEST RULES AND ALL THE RULES
PA0WKI		NICE CONTEST.
PA1B		AS A MILLIWATT ENTHUSIAST, I MADE MANY QSO'S, WITH THE LOWEST POSSIBLE POWER. WHEN SIGNALS ARE STRONG, I REDUCE MY POWER, BEFORE I ANSWER A CQ. 14 MHZ AND 21 MHZ WERE GOOD FOR MANY FINE QRPP QSO'S. I USED A FT-817 WITH 2.7 W DOWN TO 18 MILLIWATTS, USING AN ATTENUATOR. 45 OUT OF OF 72 QSO'S ARE MORE THAN "1000 MILES PER WATT" QSO'S THANK YOU FOR THE FINE CONTEST
PA2CHM		ENJOYED CONTEST VERY MUCH AND I USED SD FOR LOGGING
PA3CWN		ENJOYED THIS CONTEST ON 40M ONLY WITH 100W AND ALLOWING QSO'S BETWEEN ALL DXCC MAKES THE CONTEST MORE FUN, BUT STILL NEEDING THE BELGIUM STATIONS FOR THE MULTIPLIERS! SEE YOU NEXT YEAR! 73 OENE PA3CWN
